**Dear mangoBCH community:**

We have an important news for you all, we the mangoBCH team will be starting verifying SLP tokens generally that would make you guys more panic-free and knowledgeable, where to invest and where not to! Starting our own AUDITservices.

**How to apply for mangoAudit?**

To apply for mangoAudit, you must come forward with your some info's to us (SLP TokenID, SLP token supply, SLP mint baton);

**What will we apply in our AUDIT?**

We will apply things in audit: such as:

Token name, token info, is it safe to invest in there, does it have a support group, what could be possible ways they can harm your funds, possible ways they can help you to grow!

**NOTE:**

We will need some payment (mangoBCH tokens) for completing AUDIT sometimes, (It would be free of cost most of the times : as we are a community for BCH FUTURE)!

Sincerely,

MangoBCH
